CARRER OBJECTIVE

To build a successful career as an FX Artist in the film industry by applying my skills in visual effects, simulation, compositing, and 3D content creation. Dedicated to producing high-quality cinematic visuals and continuously enhancing my technical and creative expertise while contributing to professional VFX productions.

WORK EXPERIENCE

Video Editing

- Edited short-form and long-form video content.
- Worked on basic cuts, transitions, audio synchronization, and visual enhancements.
- Developed practical experience with post-production workflows.

ACADEMIC & PERSONAL PROJECTS

Room No. 21 | Horror Short Film

Duration: 2 Weeks

- Developed a horror short film featuring environment creation, portal FX, lighting, camera animation, and rendering workflows.
- Developed portal visual effects and scene composition.
- Worked on modeling, lighting, camera animation, and rendering.
- Produced final shots for a short-film narrative experience.

A Dreamy Day | Animated Short Film (Ongoing)

- Developing a story-driven animated short film.
- Responsible for environment creation, lighting, animation, and rendering.
- Managing the complete production workflow from concept to final output.

TECHNICAL SKILLS & SOFTWARE EXPERTISE

- **3D & Simulation :** Blender, Autodesk Maya, SideFx Houdini
- **Compositing & Video Editing :** Adobe After Effects, Nuke, Adobe Premiere Pro
- **Design & Texturing :** Adobe Photoshop, Adobe Substance Painter
